## ROBERT SMITH WAS KILLED

### Little Percy Barton Ended the Life of his Playmate With What was Thought an Empty Gun.

Little Robert Smith, the nine year  
old son of E. D. Smith, in North Ada  
lies dead, and his playmate, Percy  
Barton, aged 11, is raving with grief  
at 10 o'clock this morning. These  
two boys and Oscar, a brother of  
the deceased, had started out hunt-  
ing, and while the latter was driv-  
ing a calf into the yard, Percy Bar-  
ton playfully pointed a gun at Robert  
and, thinking it unloaded, he pulled  
the trigger. Robert threw up his arms  
and fell without uttering a word,  
not even a sound. The entire load of  
number eight shot took effect be-  
hind the right ear. Percy ran to  
the poor little fellow and hurriedly  
shook him and ask him was he hurt.  
Seeing in an instant that the boy  
was speechless, he threw the gun  
down and began screaming wildly.  
The parents of the children, and the  
neighbors ran to the scene, but it  
was evident that death had been in-  
stantaneous.

Two homes are equally sad because  
of this accident.

The writer was in the Smith home

a few moments, and it hurt the  
strongest to see the two mothers of  
the boys suffer under the unspeak-  
able pain that literally tore their  
hearts. Each recognized the anguish  
of the other and their tears were  
mingled in a Christian like love  
and sympathy.

The affair is made the more pa-  
thetic on account of the attachment  
that each of these boys had for the  
other. They had been playmates for  
years, and were together day after  
day. Mrs. Barton and Percy re-  
turned only the other day from a  
two months' vacation and it is said  
that Robert Smith, the deceased, was  
at the station to greet Percy and a  
warm embrace ensued when his bos-  
om chum alighted from the train.

Judge Barton, the father of the  
heart-broken boy, is making arrange-  
ments for the burial of the deceased,  
and will bear the entire expense of  
same. The interment will be at Rose-  
dale Tuesday morning.

The grief stricken ones have the  
entire sympathy of their friends and  
neighbors.

## LUNATIC STABS GIRL TO DEATH

Charlotte, N. C., Sept. 13.—A spe-  
cial from Newton says that this  
morning Miss Willie Bullinger, 19  
years old, was stabbed to death by  
Lon Rader, aged 21. The girl was  
seated at the organ playing the clos-  
ing hymn at Sunday school when  
suddenly Rader leaped across sev-  
eral benches and with his pocket-  
knife stabbed her once in the back  
and twice in the breast. She died al-  
most instantly.

Rader was arrested and is now in  
the Newton jail. Some months ago  
he was committed to the State asy-  
lum and in his ravings often men-  
tioned Miss Bullinger's name. Re-  
cently he was discharged from the  
hospital as cured. In jail later Rader  
said he had killed the girl because  
she was a witch.

## NEGRO HANGED

Sealy, Austin County, Tex., Sept.  
13.—Further details about the mur-  
der of John Buchtein on his father's  
plantation in the Brozos bottom in  
Waller County, were reported here  
this morning. Young Buchtein had  
a dispute at one of his rent houses  
with his negro renter, Newton. When  
he started to leave one of Newton's  
sons, some 20 years of age, shot  
Buchtein from behind with a Win-  
chester rifle, killing him almost in-  
stantly. As soon as the facts be-  
came known a large posse of men  
started out after the Newtons—father  
and two sons—who left the place,  
and some time yesterday they found  
that one of them, said to be a  
brother of the real murderer, had  
just been placed in the Brookshire  
jail. The mob broke into the jail,  
secured Newton and hung him to a  
telegraph pole on the Missouri, Kan-  
sas & Texas railroad about a mile  
west of Brookshire where the corpse  
was still hanging this morning.

John Buchtein was buried in Sealy  
today at noon. Rev. C. T. Sanders  
conducted the ceremonies. The Buch-  
tein family has the sympathy of the  
whole community. They are highly  
respected, very industrious and quiet  
people.

### ARKANSAS FARMER KILLED.

His Body Thrown in River Where It  
Is Found.

Little Rock, Ark., Sept. 13.—A spe-  
cial to the Gazette from Danville,  
Ark., says:

The body of Walter Herron, a far-  
mer who lived four miles east of

Danville, was found yesterday in  
Petit Jean River. Herron was last  
seen alive last Monday. A club was  
found on the bank of the stream  
and bruises on the face and head  
of Herron indicated that he had  
been struck.

The coroner has rendered a ver-  
dict alleging that Herron met death  
at the hands of Adam Cook.

### More Improvement.

J. T. Conn has let the contract  
for his other two story brick build-  
ing where the Mrs. Alexander Mil-  
linery store was. This one will be  
built up two stories and he will add  
the second story to his building  
now occupied by I. Harris. The work  
was started this morning. This proves  
Ada is to be a city of first class  
and size, or else Mr. Conn would  
not invest so much money on Main  
street and other parts of the city.

But we especially invite the attention of the small de-

## Sunshine

New York, Sept. 12.—That steamships will be run by sunshine is the opinion of Guglielmo Marconi, who discussed today the marvels of the future.

The inventor of wireless telegraphy has come to America, to increase his Trans-Atlantic service from a capacity of 5,000 words a day to 10,000. After predicting a great future for wireless telegraphy, he said:

"There seems to be a happy fate in the coincidence of scientific discoveries, which on first thought, are quite unrelated to each other. The development of the airship as shown in the astounding performance of Orville Wright's machine in Washington would seem to have nothing in common with the perfection of wireless communication and yet if one looks into the future, the great airships which are to come, sailing at incredible speed and at unforeseen and varying altitudes, could never without the wireless speak to each other as ships do at sea and remain in touch with those safely at home.

### Future of Airships.

"And the airship is certain to come into general use, and that within the life time of our generation; not for freight perhaps, but for people surely. In fifty years the people of New York will be freed of the vexing problem of rapid transit. There will be no need for surface cars, elevated roads, subways, tunnels and ferries.

"In fact, as I look into the years to come, I am convinced that life will be an easier problem, a more genial function in the scheme of the thing than it is today. Aside from the economy of labor, which follows the conquest of nature's forces, there will be fewer people among whom to divide the benefits.

"Quality, not numbers, will come to be the standard of racial excellence. And if the present enlightenment of average men and women continues to its righteous turning point there will come an end of congested cities, with their wretched and starving children of the tenements, their crimes, their killing competition, and their discouragement of the gentler aspirations of men.

### Labors of Science.

"In all ways science is more and more studying to perfect the practical comfort and well-being of the world.

"Going back to my hobby of wireless communication, I want to say for the wireless telephone. DeForest and his colleagues are doing great things in that direction."

## BRYAN A SURE WINNER.

Is the Way It Looks to M. L. Turner.

Oklahoma City, Sept. 13.—M. L. Turner, president of the Western National bank, returned to Oklahoma City with rosy views about political conditions in the east.

"Bryan is a sure winner," is the way Mr. Turner summarizes conditions generally. He spent four weeks in the east and got in close touch with the situation.

He says that the democrats are presenting a solid front in the east and that Bryan is not the bugaboo to business interests this year he was in 1896, when he was painted as an anarchist by political opponents.

"I found the republicans in a miserable state of organization," said Mr. Turner, "and found much sentiment against Hitchcock's big stick." Mr. Turner regards New York as a doubtful state and says that Bryan's advent in the east has developed in a triumphant tour.

A pleasing, good, high grade, truly flavored, amber colored cup of coffee can be had—and without the real coffee danger, or damage to health—by simply using Dr. Shoop's new substitute, called "Health Coffee." Pure, wholesome, toasted cereals, malt, nuts, etc., make Dr. Shoop's Health Coffee both healthful and satisfying. No 20 to 30 minutes tedious boiling. "Made in a minute," says Dr. Shoop. If served as coffee, it's taste will even trick an expert. Test it and see. S. R. Tobin.

It's a pity when sick ones drug the stomach to stimulate the heart and kidneys. That is all wrong! A weak stomach means weak stomach nerves, always. And is also true of heart and kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping stomach, heart and kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves." Anyway test the Restorative 48 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by G. M. Ramsey.

A clever, popular Candy Cold Cure Tablet—called Preventic—is being dispensed by druggists everywhere. In a few hours, Preventics are said to break any cold—completely. And Preventics, being so safe and toothsome, are very fine for children. No quinine, no laxative, nothing harsh nor sickening. Box of 48—25c. Sold by G. M. Ramsey.

### How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## Heart Strength

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. Possibly, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac or Heart Nerve—simply needs, and must have, more power, more strength, more controlling, more governing, more stabilizing, more sustaining heart help. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, pulsating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and ailing nerve centers. It builds, strengthens, it opens real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

### The Harris Changes.

The Harris Hotel is no longer conducted by its owner, Mr. Sam Harris, as he has leased the popular place to J. H. Jones of Bonham. Mr. Jones is a hotel man of long experience, and says he intends to make the Harris up to the standard of the best. He has a wife and daughter, who will be at home at the hotel.

### Hamlyn Here.

Hamlyn, the photo man is here in his car. He is one of the finest photographers in Oklahoma, and a good citizen with it. The News man knew him in Pauls Valley years ago, and in fact knew him in Ada years ago. He was the first to make pictures in what is known as the new town, and the old-timers remember that on one Sunday afternoon in May, 1900, his large tent was burned down and when it was replaced by another a cyclone came and tore it to pieces. But you can't keep a good man down, so he is still making pictures, and has his special car in which to do it. His work is strictly high class, and he invites you in an ad today to come to see him.

### PRELIMINARY SHOWING OF LATEST FALL MILLINERY.

Next Thursday we shall make our initial showing of the latest fall hats, which, by the way, is the most comprehensive showing ever made so early in the season. The craze director runs the full gamut of the lines, each model having its distinctive feature. The styles are extremely beautiful, nay, stunning would better apply. The hats are large and picturesque and show the cleverness of artistic treatment. We have a wide range of prices to suit all, beginning at \$3.50 and up to \$25.00. Imported models as high as you want to go, at the Grand Leader, Ada. 141d6t

### THE MONEY IS WAITING.

Anyone Can Get Rich by Killing a Few Oklahoma Desperadoes.

Norman, Ok., Sept. 13.—The capture of any of the several murderers and desperadoes running loose in Oklahoma today would mean a small fortune in rewards. The Bankers' Insurance Company of Chicago recently extended its reward of \$2,500 for the capture of Henry Starr, charged with robbing the Tyro State bank on March 13, and for "Kid" Wilson, his accomplice.

Charley Hunter, the negro who shot and killed Sheriff George B. Garrison, while resisting arrest near Watonga two months ago, is still running at large, with rewards aggregating \$3,000 upon his head, dead or alive. Several times it has been reported that he was captured, but it always turned out to be the wrong man.

Harvey Garrison, undersheriff, and son of the murdered officer, was appointed in his father's place, and has sworn to catch Hunter.

### TO PREVENT HIGHER RATES.

City Advised to Enjoin the Telephone Company.

Guthrie, Ok., Sept. 13.—A. P. Watson, a member of the State corporation commission, today advised Mayor Rhode of Tulsa to have the city attorney bring an injunction suit against the Pioneer Telephone company to prevent the application of a proposed increase in prices. Mayor Rhode communicated with Commissioner Watson on the subject.

If the Tulsa authorities secure the injunction the matter will be tied up until the hearing of the corporation commission on the order, recently promulgated, requiring telephone companies to secure the permission of the commission before putting increased schedules into effect, can be had. This will take place in about two weeks.

The intention of the Pioneer to increase its rates has been causing no little commotion in Tulsa business circles.

## CHICKASAW CONTEST CASES

Ardmore, Ok., Sept. 13.—Edward Merrick, Contest Judge, with the commission to the Five Civilized Tribes, spent the last week in Ardmore closing up the business of the Chickasaw nation. All told, there were filed in the Chickasaw nation about 3,700 contests. These were more important contests than in any other of the five nations for the reason that contests were not allowed to be filed unless the contestant owned the improvements on the land in question and the lands of this nation were more highly improved than the lands of any other nation in the five civilized tribes. And these contests were more bitterly fought for the reason that the agricultural lands of the Chickasaw nation were the best in the old Indian Territory.

These suits for the possession of lands have held the attention of the best legal talent in the country for the past five years. In speaking of the closing of the contest cases J. A. Cotner, a lawyer and real estate man of this city, said today:

"There will be no further contests instituted in the Chickasaw and Choctaw nations because the treaty with these two nations and the United States government of Sept. 25, 1902, provided that all citizens should have the right to file and institute contest proceedings during twelve months following their approval as citizens of said nations.

"No person has been enrolled since March 4, 1907, that being the date upon which the rolls finally closed by act of congress. The treaty provided that all filings made after one year from the date of final enrollment of citizens should be made arbitrarily by the commission to the Five Civilized Tribes or their successors; consequently no filings have been made by citizens of the Chickasaw or Choctaw nations since March 4, 1908. The act of congress of May 27, 1908, provided that no contests should be filed after sixty days from the filing by the allottee and as no filings have been made by allottees since March 4, 1908, there can now be no other contest suits filed.

"There are remaining at this time not more than fifty Indians who have not taken their allotments and they are persons who have tentative allotments, that is, they have filed upon the lands formerly selected by persons who were at one time enrolled as citizens and who were stricken from the rolls by order of the secretary of the interior on March 4, 1907, and whose cases are now pending in the supreme court of the United States. In case these persons are given citizenship these fifty citizens who have tentative filings will be compelled to select other allotments. There is yet remaining unallotted in the Chickasaw and Choctaw nations about two million acres of land and the disposition of these lands is yet to be determined by congress. It seems, however, to be the intention of congress to sell the remaining lands under sealed bids to the highest bidder. Congress at its next session will determine the disposition of these lands as well as the segregated coal and asphalt lands."

## WEST AFTER BOOK TRUSTS

Guthrie, Ok., Sept. 13.—Attorney General West proposes to find out what books of the list contracted for by the state text-book commission are owned by the American Book Company or its subsidiaries or allies. It developed today that he has recently written letters, in which this information is sought, to the attorney general of Texas, Kansas and Missouri.

As Mr. West never breaks his rule to absolutely refuse to discuss any proposed course of action until action, if there is any, is actually under way, the motive of his quest is one of pure presumption, except as circumstances are taken into consideration.

When the state was a great deal younger the board of education at a regular session adopted motion to exclude the American book trust and all other trusts from the state. The motion passed unanimously. The legislature, however, passed a law regulating and governing bidders on book contracts, specifying that affidavits must be made, among other requirements, to the effect that the corporation submitting its bid is not a member of a book trust or that it owns no stock in any other company. The American Book Company complied with the law, and, of course, had representatives before the text book commission. Three of its books were adopted.

Attorney General West's letter to Attorney General F. S. Jackson of Kansas contains reference to a geo-

graphy adopted by the Oklahoma commission, which, he states, he understood to have been adopted in Kansas for 10 cents less, but the bid being afterwards rejected. In his letters to Mr. Hadley of Missouri and Mr. Davidson of Texas, he inquires specifically whether there is any difference in the prices of the American company's books secured from the Oklahoma commission and those prevailing in the several other states referred to.

## IN MOVING PICTURES.

**Bryan to Be Shown As He Made Address on Labor Day.**

Chicago, Ill., Sept. 12.—Another feature besides the talking machine with record of the speeches of candidates has been added to the novelties of the presidential campaign by the democratic national committee, which today announced moving pictures of W. J. Bryan in Chicago on Labor Day would be thrown upon canvass at political meetings all over the country.

When the pictures show Bryan speaking, the candidate's voice will be heard from the phonographic record of the Labor Day address.

National Chairman Mack and heads of the committee bureau today witnessed a reproduction of the Bryan Labor Day scenes by the moving picture machine. The pictures show Mr. Bryan's arrival at the station and his reception by the crowd at the hotel. Later, the candidate is disclosed reviewing the big Labor Day parade and acknowledging the cheers of the marchers, after which Mr. Bryan is shown making a speech to the laboring men assembled around the reviewing point of the parade.

National Committeeman Johnston of Texas left for New York today to confer with Senator Culberson, head of the advisory committee.

Irresistible in its comedy. Three Years In Arkansas, has builded for itself a reputation throughout the country second to none. It has truly been said of it that it supplants and surpasses all others both in rapidity of action and real wit, which is characteristic of its author, Mr. Benton. The plot which is sufficient to hold the undivided attention throughout, gives it a scope and breadth that makes it worth your while in a hundred ways to attend. Three Years In Arkansas will be at the Airborne Opera House Saturday night, Sept. 12.

## ROBERT SMITH WAS KILLED

### Little Percy Barton Ended the Life of his Playmate With What was Thought an Empty Gun.

Little Robert Smith the nine year old son of E. D. Smith in North Ada lies dead and his playmate, Percy Barton aged 11 is raving with grief at 10 o'clock this morning. These two boys and Oscar a brother of the deceased had started out hunting and while the latter was driving a calf into the yard Percy Barton playfully pointed a gun at Robert and thinking it unloaded he pulled the trigger. Robert threw up his arms and fell without uttering a word not even a sound. The entire load of number eight shot took effect behind the right ear. Percy ran to the poor little fellow and hurriedly shook him and ask him was he hurt. Seeing in an instant that the boy was speechless he threw the gun down and began screaming wildly. The parents of the children and the neighbors ran to the scene but it was evident that death had been instantaneous.

Two homes are equally sad because of this accident. The writer was in the Smith home

a few moments and it hurt the strongest to see the two mothers of the boys suffer under the unspeakable pain that literally tore their hearts. Each recognized the anguish of the other and their tears were mingled in a Christian like love and sympathy.

The affair is made the more pathetic on account of the attachment that each of these boys had for the other. They had been playmates for years and were together day after day. Mrs. Barton and Percy returned only the other day from a two months vacation and it is said that Robert Smith the deceased was at the station to greet Percy and a warm embrace ensued when his bosom chum alighted from the train. Judge Barton, the father of the heart-broken boy is making arrangements for the burial of the deceased and will bear the entire expense of same. The interment will be at Rose-dale Tuesday morning.

The grief stricken ones have the entire sympathy of their friends and neighbors.

## LUNATIC STABS GIRL TO DEATH

Charlotte N. C. Sept. 13.—A special from Newton says that this morning Miss Willie Bullinger 19 years old was stabbed to death by Lon Rader aged 21. The girl was seated at the organ playing the closing hymn at Sunday school when suddenly Rader leaped across several benches and with his pocket-knife stabbed her once in the back and twice in the breast. She died almost instantly.

Rader was arrested and is now in the Newton jail. Some months ago he was committed to the State asylum and in his ravings often mentioned Miss Bullinger's name. Recently he was discharged from the hospital as cured. In jail later Rader said he had killed the girl because she was a witch.

## NEGRO HANGED

Sealy Austin County Tex. Sept. 13.—Further details about the murder of John Buchtein on his father's plantation in the Brozos bottom in Waller County were reported here this morning. Young Buchtein had a dispute at one of his rent houses with his negro renter Newton. When he started to leave one of Newton's sons, some 20 years of age, shot Buchtein from behind with a Winchester rifle, killing him almost instantly. As soon as the facts became known a large posse of men started out after the Newtons—father and two sons—who left the place and some time yesterday they found that one of them, said to be a brother of the real murderer, had just been placed in the Brookshire jail. The mob broke into the jail, secured Newton and hung him to a telegraph pole on the Missouri, Kansas & Texas railroad about a mile west of Brookshire where the corpse was still hanging this morning.

John Buchtein was buried in Sealy today at noon. Rev. C. T. Sanders conducted the ceremonies. The Buchtein family has the sympathy of the whole community. They are highly respected, very industrious and quiet people.

### ARKANSAS FARMER KILLED.

His Body Thrown In River Where It Is Found.

Little Rock, Ark., Sept. 13.—A special to the Gazette from Danville, Ark., says:

The body of Walter Herron, a farmer who lived four miles east of

Danville was found yesterday in Pettit Jean River. Herron was last seen alive last Monday. A club was found on the bank of the stream and bruises on the face and head of Herron indicated that he had been struck.

The coroner has rendered a verdict alleging that Herron met death at the hands of Adam Cook.

### More Improvement.

J. T. Conn has let the contract for his other two story brick building where the Mrs. Alexander Millinery store was. This one will be built up two stories and he will add the second story to his building now occupied by I. Harris. The work was started this morning. This proves Ada is to be a city of first class and size or else Mr. Conn would not invest so much money on Main street and other parts of the city.

### THE MONEY IS WAITING.

Anyone Can Get Rich by Killing a Few Oklahoma Desperadoes.

Norman Ok Sept 13.—The capture of any of the several murderers and desperadoes running loose in Oklahoma today would mean a small fortune in rewards. The Bankers Insurance Company of Chicago recently extended its reward of \$2,500 for the capture of Henry Starr charged with robbing the Two State bank on March 13 and for Kid Wilson his accomplice.

Charles Hunter the negro who shot and killed Sheriff George B. Garrison while resisting arrest near Watonga two months ago, is still running at large with rewards aggregating \$3,000 upon his head dead or alive. Several times it has been reported that he was captured but it always turned out to be the wrong man.

Harvey Garrison undersheriff and son of the murdered officer, was appointed in his father's place and has sworn to catch Hunter.

### TO PREVENT HIGHER RATES.

City Advised to Enjoin the Telephone Company.

Guthrie Ok Sept 1.—A. P. Watson a member of the State corporation commission today advised Mayor Rhode of Tulsa to have the city attorney bring an injunction suit against the Pioneer Telephone company to prevent the application of a proposed increase in prices. Mayor Rhode communicated with Commissioner Watson on the subject.

If the Tulsa authorities secure the injunction the matter will be tied up until the hearing of the corporation commission on the order, recently promulgated requiring telephone companies to secure the permission of the commission before putting increased schedules into effect can be had. This will take place in about two weeks.

The intention of the Pioneer to increase its rates has been causing no little commotion in Tulsa business circles.

The Farmers State Bank policies are in harmony with the best interests of the pool. When a man of limited means starts a saving account he is absolutely safe.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Ada people endorse this claim. Mrs. Chris Barker living on West 7th and Cherry Sts. Ada, Ok. says: For a long time my husband was troubled with severe pains through the small of his back. Occasionally he had such sharp twinges that he could hardly get on from evening to evening. And stretching would always increase his suffering. The kidney secretions were in great quantity and these symptoms led him to feel that his kidneys were disordered and I bought Doan's Kidney Pills. He procured a box at M. Ramsey's drug store. He took them according to directions and the trouble entirely disappeared. He has had no return of kidney complaint since and consequently thanks very highly of Doan's Kidney Pills.

## CHICKASAW CONTEST CASES

Armore, Ok., Sept. 13.—Edward Merrick, Contest Judge, with the commission to the Five Civilized Tribes, spent the last week in Armore closing up the business of the Chickasaw nation. All told, there were filed in the Chickasaw nation about 3,700 contests. These were more important contests than in any other of the five nations for the reason that contests were not allowed to be filed unless the contestant owned the improvements on the land in question and the lands of this nation were more highly improved than the lands of any other nation in the five civilized tribes. And these contests were more bitterly fought for the reason that the agricultural lands of the Chickasaw nation were the best in the old Indian Territory.

These suits for the possession of lands have held the attention of the best legal talent in the country for the past five years. In speaking of the closing of the contest cases J. A. Cotner, a lawyer and real estate man of this city, said today:

"There will be no further contests instituted in the Chickasaw and Choctaw nations because the treaty with these two nations and the United States government of Sept. 25, 1902, provided that all citizens should have the right to file and institute contest proceedings during twelve months following their approval as citizens of said nations.

"No person has been enrolled since March 4, 1907, that being the date upon which the rolls finally closed by act of congress. The treaty provided that all filings made after one year from the date of final enrollment of citizens should be made arbitrarily by the commission to the Five Civilized Tribes or their successors; consequently no filings have been made by citizens of the Chickasaw or Choctaw nations since March 4, 1908. The act of congress of May 27, 1908, provided that no contests should be filed after sixty days from the filing by the allottee and as no filings have been made by allottees since March 4, 1908, there can now be no other contest suits filed.

"There are remaining at this time not more than fifty Indians who have not taken their allotments and they are persons who have tentative allotments, that is, they have filed upon the lands formerly selected by persons who were at one time enrolled as citizens and who were stricken from the rolls by order of the secretary of the interior on March 4, 1907, and whose cases are now pending in the supreme court of the United States. In case these persons are given citizenship these fifty citizens who have tentative filings will be compelled to select other allotments. There is yet remaining unallotted in the Chickasaw and Choctaw nations about two million acres of land and the disposition of these lands is yet to be determined by congress. It seems, however, to be the intention of congress to sell the remaining lands under sealed bids to the highest bidder. Congress at its next session will determine the disposition of these lands as well as the segregated coal and asphalt lands."

## WEST AFTER BOOK TRUSTS

Guthrie, Ok., Sept. 13.—Attorney General West proposes to find out what books of the list contracted for by the state text-book commission are owned by the American Book Company or its subsidiaries or allies. It developed today that he has recently written letters, in which this information is sought, to the attorney general of Texas, Kansas and Missouri.

As Mr. West never breaks his rule to absolutely refuse to discuss any proposed course of action until action, if there is any, is actually under way, the motive of his quest is one of pure presumption, except as circumstances are taken into consideration.

When the state was a great deal younger the board of education at a regular session adopted motion to exclude the American book trust and all other trusts from the state. The motion passed unanimously. The legislature, however, passed a law regulating and governing bidders on book contracts, specifying that affidavits must be made, among other requirements, to the effect that the corporation submitting its bid is not a member of a book trust or that it owns no stock in any other company. The American Book Company complied with the law, and, of course, had representatives before the text book commission. Three of its books were adopted.

Attorney General West's letter to Attorney General F. S. Jackson of Kansas contains reference to a geo-

graphy adopted by the Oklahoma commission, which, he states, he understood to have been adopted in Kansas for 10 cents less, but the bid being afterwards rejected. In his letters to Mr. Hadley of Missouri and Mr. Davidson of Texas, he inquires specifically whether there is any difference in the prices of the American company's books secured from the Oklahoma commission and those prevailing in the several other states referred to.

## IN MOVING PICTURES.

Bryan to Be Shown As He Made Address on Labor Day.

Chicago, Ill., Sept. 12.—Another feature besides the talking machine with record of the speeches of candidates has been added to the novelties of the presidential campaign by the democratic national committee, which today announced moving pictures of W. J. Bryan in Chicago on Labor Day would be thrown upon canvass at political meetings all over the country.

When the pictures show Bryan speaking, the candidate's voice will be heard from the phonographic record of the Labor Day address.

National Chairman Mack and heads of the committee bureau today witnessed a reproduction of the Bryan Labor Day scenes by the moving picture machine. The pictures show Mr. Bryan's arrival at the station and his reception by the crowd at the hotel. Later, the candidate is disclosed reviewing the big Labor Day parade and acknowledging the cheers of the marchers, after which Mr. Bryan is shown making a speech to the laboring men assembled around the reviewing point of the parade.

National Committeeman Johnston of Texas left for New York today to confer with Senator Cuthbertson, head of the advisory committee.

Irresistible in its comedy, Three Years in Arkansas, has built for itself a reputation throughout the country second to none. It has truly been said of it that it supplants and surpasses all others both in rapidity of action and real wit, which is characteristic of its author, Mr. Benton. The plot which is sufficient to hold the undivided attention throughout, gives it a scope and breadth that makes it worth your while in a hundred ways to attend. Three Years in Arkansas will be at the Airborne Opera House Saturday night, Sept. 12.

## ROBERT SMITH WAS KILLED

### Little Percy Barton Ended the Life of his Playmate With What was Thought an Empty Gun.

Little Robert Smith, the nine year  
old son of E. D. Smith, in North Ada  
lies dead, and his playmate, Percy  
Barton, aged 11, is raving with grief  
at 10 o'clock this morning. These  
two boys and Oscar, a brother of  
the deceased, had started out hunt-  
ing, and while the latter was driv-  
ing a calf into the yard, Percy Bar-  
ton playfully pointed a gun at Robert  
and, thinking it unloaded, he pulled  
the trigger. Robert threw up his arms  
and fell without uttering a word,  
not even a sound. The entire load of  
number eight shot took effect be-  
hind the right ear. Percy ran to the  
poor little fellow and hurriedly  
shook him and ask him was he hurt.  
Seeing in an instant that the boy  
was speechless, he threw the gun  
down and began screaming wildly.  
The parents of the children, and the  
neighbors ran to the scene, but it  
was evident that death had been in-  
stantaneous.

Two homes are equally sad because  
of this accident.

The writer was in the Smith home

a few moments, and it hurt the  
strongest to see the two mothers of  
the boys suffer under the unspeak-  
able pain that literally tore their  
hearts. Each recognized the anguish  
of the other and their tears were  
mingled in a Christian like love  
and sympathy.

The affair is made the more pa-  
thetic on account of the attachment  
that each of these boys had for the  
other. They had been playmates for  
years, and were together day after  
day. Mrs. Barton and Percy re-  
turned only the other day from a  
two months' vacation and it is said  
that Robert Smith, the deceased, was  
at the station to greet Percy and a  
warm embrace ensued when his bos-  
om chum alighted from the train.

Judge Barton, the father of the  
heart-broken boy, is making arrange-  
ments for the burial of the deceased,  
and will bear the entire expense of  
same. The interment will be at Rose-  
dale Tuesday morning.

The grief stricken ones have the  
entire sympathy of their friends and  
neighbors.

## LUNATIC STABS GIRL TO DEATH

Charlotte, N. C., Sept. 13.—A spe-  
cial from Newton says that this  
morning Miss Willie Bullinger, 10  
years old, was stabbed to death by  
Lon Rader, aged 21. The girl was  
seated at the organ playing the clos-  
ing hymn at Sunday school when  
suddenly Rader leaped across sev-  
eral benches and with his pocket-  
knife stabbed her once in the back  
and twice in the breast. She died al-  
most instantly.

Rader was arrested and is now in  
the Newton jail. Some months ago  
he was committed to the State asy-  
lum and in his ravings often men-  
tioned Miss Bullinger's name. Re-  
cently he was discharged from the  
hospital as cured. In jail later Rader  
said he had killed the girl because  
she was a witch.

## NEGRO HANGED

Sealy, Austin County, Tex., Sept.  
13.—Further details about the mur-  
der of John Buchtein on his father's  
plantation in the Brozos bottom in  
Waller County, were reported here  
this morning. Young Buchtein had  
a dispute at one of his rent houses  
with his negro renter, Newton. When  
he started to leave one of Newton's  
sons, some 20 years of age, shot  
Buchtein from behind with a Win-  
chester rifle, killing him almost in-  
stantly. As soon as the facts be-  
came known a large posse of men  
started out after the Newtons—father  
and two sons—who left the place,  
and some time yesterday they found  
that one of them, said to be a  
brother of the real murderer, had  
just been placed in the Brookshire  
jail. The mob broke into the jail,  
secured Newton and hung him to a  
telegraph pole on the Missouri, Kan-  
sas & Texas railroad about a mile  
west of Brookshire where the corpse  
was still hanging this morning.

John Buchtein was buried in Sealy  
today at noon. Rev. C. T. Sanders  
conducted the ceremonies. The Buch-  
tein family has the sympathy of the  
whole community. They are highly  
respected, very industrious and quiet  
people.

### ARKANSAS FARMER KILLED.

His Body Thrown in River Where It  
Is Found.

Little Rock, Ark., Sept. 13.—A spe-  
cial to the Gazette from Danville,  
Ark., says:

The body of Walter Herron, a far-  
mer who lived four miles east of

Danville, was found yesterday in  
Pettit Jean River. Herron was last  
seen alive last Monday. A club was  
found on the bank of the stream  
and bruises on the face and head  
of Herron indicated that he had  
been struck.

The coroner has rendered a ver-  
dict alleging that Herron met death  
at the hands of Adam Cook.

### More Improvement.

J. T. Conn has let the contract  
for his other two story brick build-  
ing where the Mrs. Alexander Mil-  
linery store was. This one will be  
built up two stories and he will add  
the second story to his building  
now occupied by I. Harris. The work  
was started this morning. This proves  
Ada is to be a city of first class  
and size, or else Mr. Conn would  
not invest so much money on Main  
street and other parts of the city.

## CHICKASAW CONTEST CASES

Ardmore, Ok., Sept. 13.—Edward Merrick, Contest Judge, with the commission to the Five Civilized Tribes, spent the last week in Ardmore closing up the business of the Chickasaw nation. All told, there were filed in the Chickasaw nation about 3,700 contests. These were more important contests than in any other of the five nations for the reason that contests were not allowed to be filed unless the contestant owned the improvements on the land in question and the lands of this nation were more highly improved than the lands of any other nation in the five civilized tribes. And these contests were more bitterly fought for the reason that the agricultural lands of the Chickasaw nation were the best in the old Indian Territory.

These suits for the possession of lands have held the attention of the best legal talent in the country for the past five years. In speaking of the closing of the contest cases J. A. Cotner, a lawyer and real estate man of this city, said today:

"There will be no further contests instituted in the Chickasaw and Choctaw nations because the treaty with these two nations and the United States government of Sept. 25, 1902, provided that all citizens should have the right to file and institute contest proceedings during twelve months following their approval as citizens of said nations.

"No person has been enrolled since March 4, 1907, that being the date upon which the rolls finally closed by act of congress. The treaty provided that all filings made after one year from the date of final enrollment of citizens should be made arbitrarily by the commission to the Five Civilized Tribes or their successors; consequently no filings have been made by citizens of the Chickasaw or Choctaw nations since March 4, 1908. The act of congress of May 27, 1908, provided that no contests should be filed after sixty days from the filing by the allottee and as no filings have been made by allottees since March 4, 1908, there can now be no other contest suits filed.

"There are remaining at this time not more than fifty Indians who have not taken their allotments and they are persons who have tentative allotments, that is, they have filed upon the lands formerly selected by persons who were at one time enrolled as citizens and who were stricken from the rolls by order of the secretary of the interior on March 4, 1907, and whose cases are now pending in the supreme court of the United States. In case these persons are given citizenship these fifty citizens who have tentative filings will be compelled to select other allotments. There is yet remaining unallotted in the Chickasaw and Choctaw nations about two million acres of land and the disposition of these lands is yet to be determined by congress. It seems, however, to be the intention of congress to sell the remaining lands under sealed bids to the highest bidder. Congress at its next session will determine the disposition of these lands as well as the segregated coal and asphalt lands."

## WEST AFTER BOOK TRUSTS

Guthrie, Ok., Sept. 13.—Attorney General West proposes to find out what books of the list contracted for by the state text-book commission are owned by the American Book Company or its subsidiaries or allies. It developed today that he has recently written letters, in which this information is sought, to the attorney general of Texas, Kansas and Missouri.

As Mr. West never breaks his rule to absolutely refuse to discuss any proposed course of action until action, if there is any, is actually under way, the motive of his quest is one of pure presumption, except as circumstances are taken into consideration.

When the state was a great deal younger the board of education at a regular session adopted motion to exclude the American book trust and all other trusts from the state. The motion passed unanimously. The legislature, however, passed a law regulating and governing bidders on book contracts, specifying that affidavits must be made, among other requirements, to the effect that the corporation submitting its bid is not a member of a book trust or that it owns no stock in any other company. The American Book Company complied with the law, and, of course, had representatives before the text book commission. Three of its books were adopted.

Attorney General West's letter to Attorney General F. S. Jackson of Kansas contains reference to a geography adopted by the Oklahoma

commission, which, he states, he understood to have been adopted in Kansas for 10 cents less, but the bid being afterwards rejected in his letters to Mr. Hadley of Missouri and Mr. Davidson of Texas, he inquires specifically whether there is any difference in the prices of the American company's books secured from the Oklahoma commission and those prevailing in the several other states referred to.

## IN MOVING PICTURES.

Bryan to Be Shown As He Made Address on Labor Day.

Chicago, Ill., Sept. 12.—Another feature besides the talking machine with record of the speeches of candidates has been added to the novelties of the presidential campaign by the democratic national committee, which today announced moving pictures of W. J. Bryan in Chicago on Labor Day would be thrown upon canvass at political meetings all over the country.

When the pictures show Bryan speaking, the candidate's voice will be heard from the phonographic record of the Labor Day address.

National Chairman Mack and heads of the committee bureau today witnessed a reproduction of the Bryan Labor Day scenes by the moving picture machine. The pictures show Mr. Bryan's arrival at the station and his reception by the crowd at the hotel. Later, the candidate is disclosed reviewing the big Labor Day parade and acknowledging the cheers of the marchers, after which Mr. Bryan is shown making a speech to the laboring men assembled around the reviewing point of the parade.

National Committeeman Johnston of Texas left for New York today to confer with Senator Culberson, head of the advisory committee.

Irresistible in its comedy, Three Years in Arkansas, has builded for itself a reputation throughout the country second to none. It has truly been said of it that it supplants and surpasses all others both in rapidity of action and real wit, which is characteristic of its author, Mr. Benton. The plot which is sufficient to hold the undivided attention throughout, gives it a scope and breadth that makes it worth your while in a hundred ways to attend. Three Years in Arkansas will be at the Audome Opera House Saturday night, Sept. 12.
